

## **After We Laughed**

you finally came back  
how long I'd waited for that  
we finally kissed  
after we laughed  
how long I'd waited for that

all those years spent away from you  
I don't know where I've been  
and though I say  
it's been fine  
you're all that stays on my mind

you're reaching for me now  
it comforts me somehow  
we finally kissed  
after we laughed  
how long I'd waited for that
