

Eternity

Said the babe to the frog,
give me kisses
said the babe to the frog,
give me tongue
said the frog to the babe,
as you wishes and then, pow!
said the prince to the babe,
here I come

Said the dad to the mom,
where's my life gone
said the dad to the mom,
how long's it been
said the mom to the dad,
where's my kisses
said the mom to the stud,
here I come

Said the grandma to the grandpa,
remember young love
said the grandma to the grandpa,
how long's it been
said the grandpa to the grandma,
whatever you say dear
said the grandpa to the chair,
eternity

Said the woman to the man, eternity
said the man,
oh yes, I guess, less certainly
said the woman to the man,
as she smiled and held his hand,
we'll be together until forever,
eternity

Said the man to the woman
I'll give you kisses
said the man to desire, anything
said the man to the woman,
words untrue, he can't undo
only you, will I pursue
for eternity
only you, will I pursue
for eternity

Said the babe to the frog,
give me kisses
said the babe to the frog,
hop over here
said the frog to the babe
as you wishes, and then pow!
said the prince to the babe,
what in the hell ever happened
to my pond?
