

Slow Motion Homicide

slow motion homicide
slow motion homicide
you and me have x's on our freedom loving hides
as we die from slow motion homicide

look up and breathe the metal from the skies
look down and eat the poison in your pie
take your injections and swallow all the lies
absorb the airwaves and prepare to die

slow motion homicide
slow motion homicide
you and me have x's on our freedom loving hides
as we die from slow motion homicide

stand in line and don't ya dare ask why
conspiracies aren't true those people lie, lie, lie
everything around you is a product you must buy
take your pills and meekly say goodbye

reality is carefully contrived
for those too lost in simulation to survive
the test is finding wisdom when illumination lies
open up your third eye and let the truth arise

slow motion homicide
slow motion homicide
you and me have x's on our freedom loving hides
as we die from slow motion homicide
as we die from slow motion homicide
