

## Wake Up

wake up, you naïve bible sheeple  
wake up, you've been had  
wake up, your preacher sold the steeple  
wake up, you've been had

wake up, you naïve bible sheeple  
wake up, you've been had  
wake up, your preacher sold the steeple  
wake up, you've been had

while you've been yelling, stop the fags  
they've been looting our country, the future's spent  
while you've been praying to end women's rights  
they've been killing our government

wake up, you naïve bible sheeple  
wake up, you've been had  
wake up, your preacher sold the steeple  
wake up, you've been had

while you've been screaming, don't burn the flag  
they've been burning our kids in Iraq, I'd say  
while you've been screaming, make those poor people pay  
they've been giving corporate welfare away, to murderers

wake up  
wake up  
wake up  
wake up

while you've been saying, the government will protect us  
they've been stealing our freedoms and spitting on your lord  
you've been spewing bile at liberals and sewing social discord  
you've been used like a tool  
and now, they're going to toss you overboard

wake up, you naïve bible sheeple  
wake up, you've been had  
wake up, your preacher sold the steeple  
wake up, before it's too late  
wake up  
wake up  
wake up  
wake up
